- The WAF needs to make sure all food vendors have equal opportunity to serve our customers and that no two vendors are serving the same foods. Therefore, we require advanced notice of the planned menu as well as notice for any significant menu changes from what you list on your Agreement Form. This notice is also due by May 20, 2022
- Vendors are responsible for collecting any necessary Vermont sales tax from buyers. If you do not have a tax account, you can download an application from the Vermont Department of Taxes website (there is no charge for a tax account.):
